# James and the Crazy Zombie

By: Carlson Herkes

One night there was a house with the front door open. Inside was a nice old man, named James, walking to bed. He went into his bedroom and fell asleep.
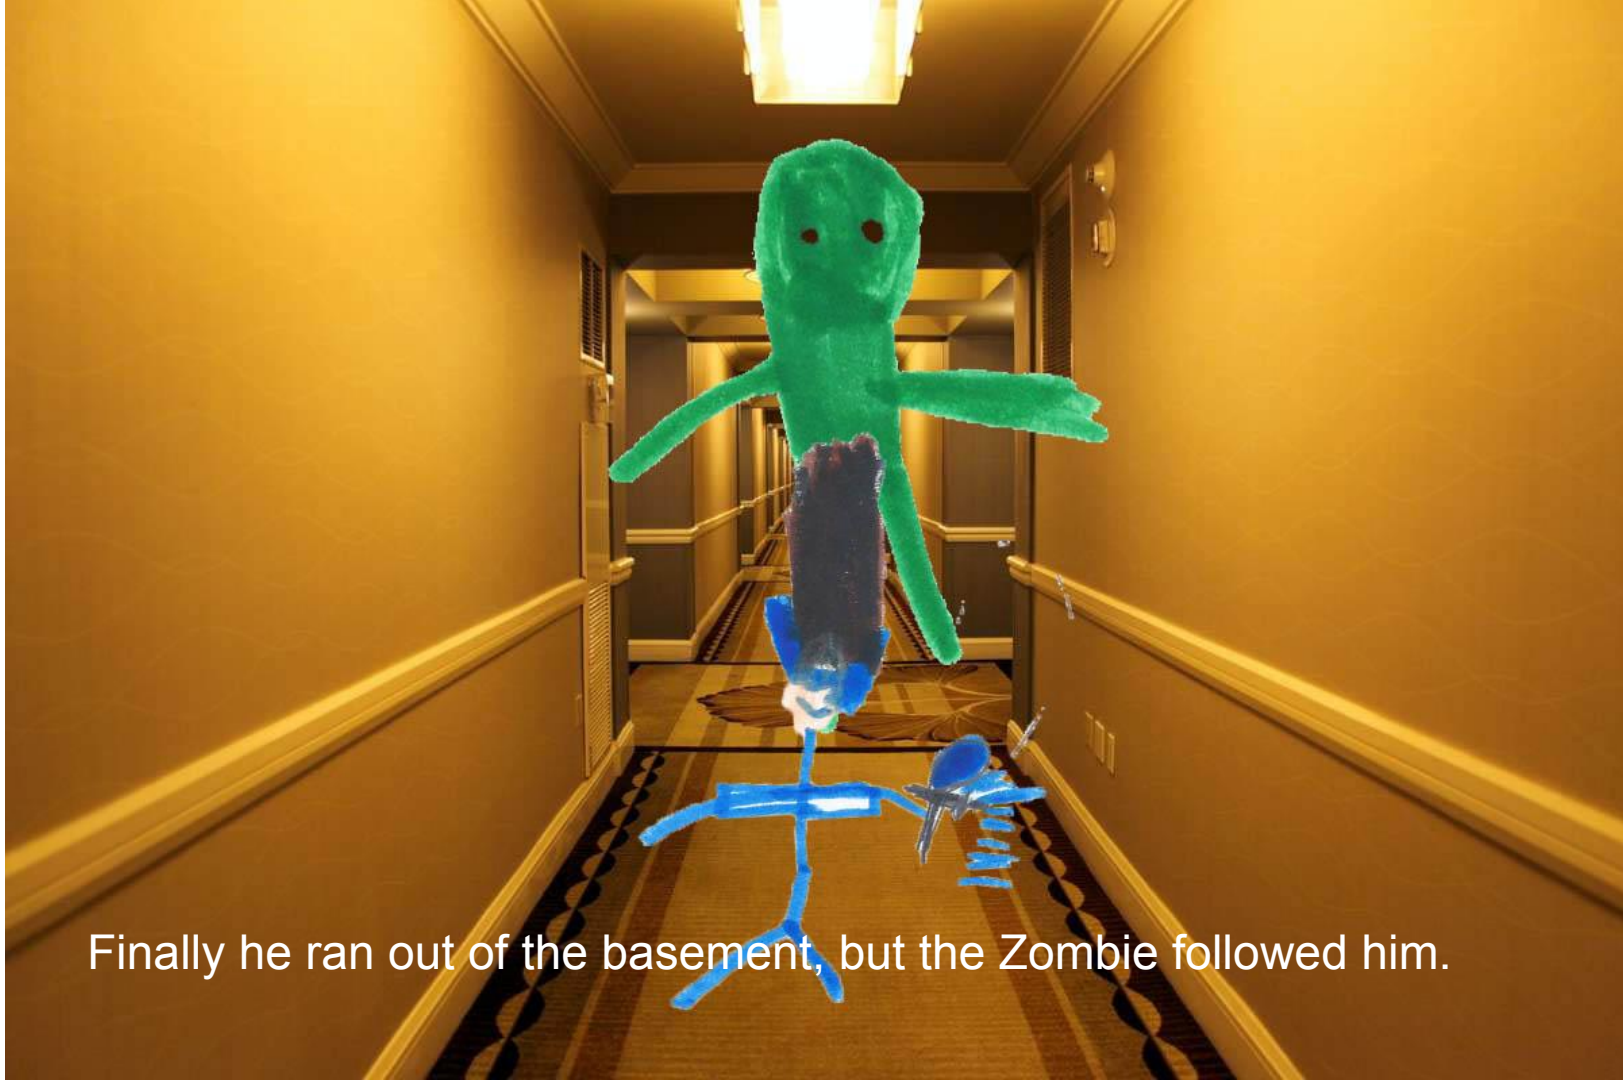

That night a green Zombie with red eyes came into the house. He was jealous of James because he thought that James had a cool house. The Zombie tiptoed into the man's room.

"RAWR!" yelled the Zombie. He woke James up. The Zombie was tall and scary. When the man saw him he was scared!

He ran down the stairs. The Zombie chased him in and out of the kitchen. The Zombie chased James into the basement, James hid behind a dresser.

Finally he ran out of the basement, but the Zombie followed him.

The Zombie chased James all the way into the woods. The woods were very dark with a lot of tall trees. James hid in one of the trees.

The Zombie couldn't find him and ended up going the wrong way. Then James ran back into the house and closed his door.

To make sure that the Zombie didn't come back James made more and more traps. He ran and put stuff on his bed so that if the Zombie came back he would think James was in bed. But, James planned to trap the Zombie.

The Zombie went in James' home and James caught the Zombie and rushed to his phone to call the police. The police came and took the Zombie away for good.

James went home and lived happily ever after.
